TRACKED & WHEELED MINI SKIDSTEERS**

BAUMALIGHT DR SERIES INDUSTRIAL TREE SPADES
**PROFESSIONAL GRADE NURSERY
 & TREE TRANSPLANTING TOOLS.**

As a tree nursery operation, you need the right tools for transplanting and transporting your trees. Manufactured in Canada, BaumaLight's DR Series Professional Grade Tree Spades offer powerful hydraulics, a compact design and intuitive controls. Made with high-strength steel, the truncated blades cut through the soil and roots with ease, reducing the stress on the tree during transplantation.

To see our full lineup of tree spades and tree scoops, visit us online at www.baumalight.com.

PRODUCT FEATURES

SEMI TRUNCATED BLADES

Designed for greater soil penetration and better compression.

LOCKABLE LATCH

Provides a stronger, steadier frame while spading.

TWO ADJUSTABLE STABILIZERS

Quickly adjust to different root ball sizes in the field.

UNIVERSAL SKIDSTEER ADAPTOR

Fits most skidsteer models.

NYLON SLIDERS

Long lasting nylon sliders allow blades to slide effortlessly, without greasing.

OPTIONAL EXTENSION ADAPTER

Moves spade further from wheel base to protect hoses.

SKIDSTEER TREE SPADES

TRACTOR TREE SPADES

TRAILER MOUNTED TREE SPADES

WHEELED & TRACKED MINI SKIDSTEERS

WRL58G | TRL620D | TRL620Y

POWERED by
HONDA

Kubota

YANMAR

Powered by either a Honda, Kubota or Yanmar engine, the Baumalight Mini Skidsteers have a hydrostatic drive controlled by true joystick controls. Our Mini Skidsteers come standard with an interchangeable universal mini skidsteer quick attach plate. Baumalight uses a three-pump hydraulic operating system, one for hydraulic flow to run the machine's auxiliary & boom and two pumps for the propulsion systems, one for each drive side. There is a dedicated oil cooler to better manage hydraulic heat generation and the lift cylinders are cushioned at the end of stroke.

TRL620D TRACKED

Kubota 24.5 HP Diesel Engine

WRL58G WHEELED

Honda 22.1 HP Gas Engine

TRL620Y TRACKED

Yanmar 22.8 HP Diesel Engine
